

Letter of Authorization

Thank you for choosing Skype for Business as your service provider. In order to transfer your current telephone number to Skype for Business, we will work with your previous service provider to ensure that your service transferred smoothly.

This form must be completed and supplied to Skype for Business before your phone numbers can be transferred.

Your prior service provider requires this letter as proof that you have explicitly requested and authorized that your service and telephone numbers be transferred to Skype for Business. By filling out the information below, and signing and dating this letter, you provide us with the authorization to initiate the process of transferring your service and telephone numbers to Skype for Business.

IMPORTANT

Please do not submit any service change orders on these phone numbers to your current service provider. Doing so will delay or cancel this transfer. If you are relocating, you must use your current address, not your prospective address.

On behalf of the company named below, I hereby authorize Skype for Business or its designated agent to obtain billing information, customer service records and other network information required to take all steps necessary to port the listed telephone numbers to Skype for Business. By signing here and entering my name below, I am stating that I have the authority to transfer this service and phone numbers to Skype for Business; that this constitutes a valid signature; and that I am agreeing to the terms laid out within this letter of authorization.

By signing below, I further state that, to the best of my knowledge, we do not have any account issues, such as a freeze for non-payment, that would prohibit my current service provider from porting these numbers to Skype for Business.
